PharmaDS 2027 Corporate Sponsorship Packet

Mapping the Future of Pharma: AI-Enabled & Data-Driven Insights, Innovation, and Impact

April 28-30, 2027 | Hilton Hasbrouck Heights, New Jersey (In-person and Virtual)

Organized by the New England Statistical Society (NESS)

About the Conference

PharmaDS brings together leaders from pharmaceutical companies, biotechnology firms, academia, regulatory agencies, and data science organizations to explore cutting-edge advances in artificial intelligence, machine learning, and statistical innovation in drug development. After the success of last year's event - which included speakers from Merck, BMS, AbbVie, Be One Medicines, and top universities - the 2027 conference aims to foster collaboration, share best practices, and accelerate innovation in data-driven pharmaceutical research.

Why Sponsor PharmaDS 2027?

Partnering with PharmaDS 2027 positions your organization at the forefront of AI and data science in the life sciences industry. Sponsors receive broad visibility before, during, and after the event, engaging directly with decision-makers, innovators, and key thought leaders shaping the future of pharmaceutical data science. Your sponsorship helps support the advancement of open, educational dialogue that connects industry, regulators, and academia, while showcasing your commitment to responsible innovation and scientific excellence.

New for PharmaDS 2027: Vendors

Are you a company in the general AI, tech, TrialTech, SciTech, or other related data/AI space? Interested in an opportunity to interact directly with representatives from potential pharmaceutical or biotech industry clients? Become a vendor at PharmaDS 2027! Vendor opportunities are $2,000 and provide you with a dedicated space and exhibition time. See below or reach out to organizers for more information.

More Than a Conference. A Community.

Beginning in 2027, we are moving beyond the annual PharmaDS conference and are working to create a community with a newsletter and activities and events throughout the year. As part of their packages, Platinum and Diamond level conference sponsors will have additional exposure throughout the year at PharmaDS workshops, events, and as a part of our newsletter. If you're interested in customized opportunities to partner with PharmaDS outside of the annual conference, please contact us!

Join Us in Shaping the Future of Pharmaceutical Data Science

Your partnership enables meaningful collaboration and accelerates innovation across the pharmaceutical ecosystem. Together, we can drive progress in data science, AI, and their application to life-changing medicines.

We look forward to welcoming you as a valued sponsor of PharmaDS 2027 and PharmaDS Community Partner.
